

Shipping & Mailing

Postage Expense Management Solutions

Shipping Payment Solutions

One bill, one payment, all major carriers.

Simplify how you pay for shipping.

Companies typically pay up front for each package or receive invoices from multiple carriers—each with different due dates and payment requirements.

With Pitney Bowes Shipping Payment Solutions, you can consolidate your shipping expenses from major carriers like UPS®, USPS® and others onto one account. You can even consolidate your carrier shipping and meter postage on the same account.

Plus, earn shipping postage credits and take advantage of flexible payment options that enable you to select the ideal fit for your business.

Nothing changes in the way you ship. Use the same shipping carrier account numbers, maintain the same discounts and receive the same package tracking and report details that you've always gotten from your carriers. The carrier simply charges your Pitney Bowes account and shows those charges as paid in full. You'll see the carrier charges on your Purchase Power® statement.
