

# DL50™ Letter Opener

## Improved efficiency for incoming mail

### » Open your daily mail quickly and neatly with the Pitney Bowes DL50™ letter opener

This sturdy, compact letter opener sits easily on any desk or table, ready to open the wide variety of envelopes that you receive each day.

### » Improve productivity

The DL50™ pulls each envelope through to the stacker, as quickly as you can feed each piece. Handling a wide range of envelope types, the DL50™ opens each envelope, stacks the letters and separates the paper waste into an easy to empty tray. The DL50™ also features a convenient envelope storage area so your incoming mail can be easily handled.

### » Minimise risk

The DL50™ removes a sliver of paper from the top of the envelope, ensuring that envelope contents are always protected and reducing the risk of paper cuts.

### » Specifications
