

Automatic Digital Mailing System DM450™

Maximum Productivity For The Office Environment

The DM450™ Automatic Digital Mailing System Brings Large Mailroom Productivity And Ease To The Office Environment

The DM450™ Digital Mailing System Takes Productivity To The Limit With IntelliLink® Technology

Maximum productivity is crucial for business today. The DM450™ Digital Mailing System breaks new ground for the small business mailer. It uses the very latest technologies to achieve fast and accurate mail processing... all in a space-saving footprint. With the DM450™ system's advanced features, you're sure to save time and money. Plus, you'll have the capabilities of a fully functional mail centre.

The DM450™ IntelliLink® Technology Simplifies Mailing

Our cutting-edge IntelliLink® technology is the gateway to new levels of productivity and makes the DM450™ easier to use, more efficient and convenient. Plus, a suite of services that include postal rate upgrades, software upgrades and ad graphics are available through the IntelliLink® control centre. This ensures that your system is kept current and operates at maximum efficiency.

The DM450™ System Offers You A Wide Range Of Productive Features

- **Automatic Feed Speeds Processing**
Automatic feeding of your envelopes gets the job done quickly.
- **User-Friendly Control Centre**
You'll learn to use the DM450™ quickly. It takes you through every processing step, showing the expanded 7-line graphics display. Dedicated functions, labeled keys and a QWERTY keyboard ensure fast processing.
- **Internal Rating Function**
Select the most effective and economical postage rate automatically.
- **Saves You Valuable Time**
Access postage replenishment online, 24/7.
- **Delivers A Message With Your Mail**
The DM450™ system comes with 5 standard envelope ads.

- **Auto-Dating Eliminates Returned Mail Due To Misdating**

An internal clock advances the date automatically. Operators can advance the date to get a jump on processing tomorrow's mail.

- **Handle Rate Changes Easily**

IntelliLink® technology allows postage rate changes to occur with a simple download. No need to scramble to replace a PROM chip.

- **Digital Technology Is A Gateway To The Future**

Its digital meter indicia satisfies all current postal regulations, and the technology's flexibility makes the DM450™ system adaptable for the future.

- **Integrated Weighing Ensures Correct Postage**

The DM450™ system has a 5kg integrated scale as standard, with the option of increasing the capability to 7kg, 12kg or 35kg with an interfaced scale.

- **Accounting Capability**

It's crucial for businesses to keep track of postage expenses. With the DM450™ you can track 300 accounts.
