

Digital Mailing System

DM300™

Easy Mail Processing

The DM300™ Digital Mailing System Increases The Speed, Ease And Productivity of Mail Processing

The DM300™ Digital Mailing System Uses IntelliLink® Technology to Simplify Operation And to Increase Productivity

Businesses today depend on productive processes to function effectively. The DM300™ Digital Mailing System provides a compact and complete solution. It's an integrated mailing system that gives you the big system capability that makes mail processing as productive as possible... all in a compact footprint that fits where space is at a premium.

The DM300™ IntelliLink® Technology Simplifies Mailing

Our cutting-edge IntelliLink® Technology is the gateway to new levels of productivity and makes the DM300™ system easier to use and more efficient. Plus, you can gain access to a suite of services that includes downloadable features, ad graphics, and postal rate and software upgrades. This ensures that your system is kept current and operates at maximum efficiency.

The DM300™ Offers You Convenient And Productive Features

- **User-Friendly Control Centre**
 - You'll learn to use the DM300™ system in only minutes. It takes you through every processing step, with an expanded 7-line graphics display.
 - Dedicated functions, labeled keys and a QWERTY keyboard ensure faster processing.
- **Internal Rating Function**

Select the most effective and economical postage rate.
- **Saves You Valuable Time**

Access postage replenishment online, 24/7.
- **Tapes Add Versatility and Speed**

Auto feed up to 50 strip tapes.
- **Auto-Dating Eliminates Returned Mail Due to Misdating**

An internal clock advances the date automatically. Operators can advance the date to get a jump on processing tomorrow's mail.
- **Incoming Mail Dating**

Time-and-date stamp capability tracks your incoming mail.

- **Handle Rate Changes Easily**

IntelliLink® Technology allows postage rate changes to occur automatically. No need to scramble to replace a PROM chip.
- **Digital Technology Is Your Gateway To the Future**

Its digital meter indicia satisfies all current postal regulations, and the technology's flexibility makes the DM300™ system adaptable for the future.
- **Integrated weighing ensures Correct Postage**

The DM300™ system has a 5kg integrated scale as standard, with the option of increasing the capability to 7kg, 12kg or 35kg with an interfaced scale.
- **Accounting Capability**

Accounting for postage expenses is crucial. With the DM300™ system you can track up to 50 accounts.

Advertise

- **Transform Your Mail Pieces into Eye-catching Communications**
 - Advertise your business on every mail piece to build your professional image.
 - The DM300™ system comes with 5 standard envelope ads.
 - Download additional ads via modem right into the Control Centre.
