Shipping and mailing

SendPro®+

A better way to ship.

Send confidently with the industry's simplest, all-in-one technology for shipping and mailing. Introducing SendPro[®]+, the latest sending innovation from the Craftsmen of Commerce, Pitney Bowes.

SendPro®+ is designed to simplify and speed up all of your multicarrier shipping and mailing, right from your office.

Send with confidence, no matter what you ship.

- Choose the ideal sending option with discounted rates across multiple carriers (Canada Post®, FedEx®, and UPS®).
- Weigh packages with the integrated 7 kg scale.
- Print shipping labels directly from the device.
- Print discounted postage and seal envelopes at up to 65 letters per minute.

Without taking trips to the post office or other retail stores.

The industry's most versatile shipping solution.

- Our exclusive, integrated apps enable you to track shipping and mailing activity anytime, anywhere among many other benefits..
- The simple, built-in address book works seamlessly across carriers and accurately verifies addresses before you send.
- Automatic carrier and postal updates help ensure that you always pay the right rate.

"One trend having a huge impact on employee engagement involves our new app-centered world. Some 71% of employees want the company they work for to provide them with the same level of technology they use in their personal lives."

—State of the Connected Customer research, Salesforce.com

Send, track and manage savings with ease.

- As part of SendPro+, you'll get access to SendPro Online, our software-based shipping solution.
- Automatically track packages and view consolidated history in one report.
- Take control by accessing precise shipping history that gives users complete spend information.
