Postage Meters

# DM125™ Postage Meter

## The digital desktop mailing system.

### The small meter that does so much.

The DM125 brings advanced digital technology to an affordable desktop postage meter, so you can send more mail with less effort. With a semi-automatic letter feed, built-in scale, and fast print speed, it's flexible enough for larger mailings yet perfect for the smaller ones. It's simple to operate, compact and so quiet, you'll hardly know it's there. Plus, the control panel guides you through each step.

### Work less, save more.

• Avoid trips to the post office
• Get mail out fast
• Never over stamp
• Add postage in seconds
• Update rates and software quickly

### Spend less time on the mail.

**Fast and flexible**
Thick or thin. Envelopes or parcels. The DM125 Postage Meter handles them all at speeds up to 45 pieces per minute and prints self-adhesive tape sheets for the larger items, such as parcels.

**Seriously smart**
IntelliLink™ Technology provides multi-language online access to account management, postal services, postal inscriptions, ad graphics, QR codes and more. An optional accounting package tracks up to 300 accounts, sets and monitors budgets, so it's easy to keep track of your postage costs.

## Practically perfect

Choose the base model, or add optional features to create a system that meets your specific needs. Available options include integrated weighing platforms for parcels, and an envelope moistener to ensure a secure seal.

## Simple

- 11 job presets: Store and instantly recall routine jobs.
- Semi-automatic feed: Saves you time and hassle.
- High capacity ink cartridges

## Up-to-date

- Download the latest postal rates, software upgrades and more with the push of a button.
- An internal clock automatically advances the date to avoid returned mail or advance the date manually to get a head start on tomorrow's mail.

## Eye-catching

- Print promotional messages on your envelopes.
- Print QR codes that drive visitors to your web site.
- Reduce the cost of preprinted envelopes

**Integrated weighing option**

**One touch postage refills**

**Available moistener, seals your envelopes tightly and securely**

**User-friendly control centre**

**Fast, efficient processing of up to 45 pieces per minute**

**Digital inkjet printing**

**Feeds envelopes up to 3/8" thick**
