

Shipping & Mailing

Postage meters

mailstation2™ mailing system

Simplify and save

Eliminate complexity and improve productivity.

The Pitney Bowes mailstation2 simplifies mail processing and, combined with SendPro® Online, has everything you need for mailing and shipping. It is an easy-to-use digital mailing system designed for small businesses and home offices.

With the built-in scale, you can accurately weigh all of your mailings and packages, so you will never pay more for postage. Best of all, you'll receive Canada Post mail discounts that you cannot get from the post office.

Eliminate time-consuming trips to the post office. With digital connectivity, you can easily download postage and the most up-to-date rate.

Enjoy shipping discounts as well, with SendPro® Basic. With your mailstation2 comes a complementary SendPro Basic subscription that will qualify you for Canada Post Solutions for Small Business shipping discounts. This solution allows you to compare shipping services and print the tracking barcodes labels, all from one easy-to-use online application.

Simplify and save on everything you send. With mailstation2 and SendPro Online, you will have a full mailing and shipping centre at your fingertips.
