

StreetSweeper® Fusion

# Add superior accuracy and precision to every delivery.

Inaccurate addresses can cost your business more than you think. When deliveries are returned, you lose money on materials and packing costs. You could also delay your cash flow due to late payments. With StreetSweeper Fusion from Pitney Bowes, you can keep vital mailing lists complete and up-to-date easily.

## Improve delivery via address correction.

StreetSweeper® Fusion corrects address omissions and spelling errors automatically. That means your mail will arrive on the right doorstep, every time. You'll be able to minimize errors that can damage your company's reputation, costing you unwanted fees and delayed deliveries. Plus, it integrates with your current client databases to ensure all addresses are correct.

## Simplify address management.

The best time to correct mistakes is before they happen. With StreetSweeper Fusion, you can quickly fix your addresses before you send your mail and packages. The application uses the latest technology

that fully integrates with your current systems, making it simple to install and use right away. With StreetSweeper Fusion, you'll be able to:

- Save money by reducing undeliverable mail and carrier address correction fees.
- Improve payment collections and cash flow by ensuring bills get delivered.
- Qualify for Canada Post discounts through bulk or presort services.
- Automatically stay up-to-date with access to the NCOA (national change of address) data.
- Ensure data quality in real-time situations, such as Web Application, Web Portal, Data Entry etc.
- Increase the effectiveness of your marketing campaigns, reduce duplicated records and improve customer service.
