

**HSD**  
Highly-Secured Destruction

- ***HSD-Super (E)***  
***Big Chamber Degausser***

# Magnetic Media Degausser

## Specifications

PC

Degausser

S/N Scanner (optional)

Label Printer (optional)

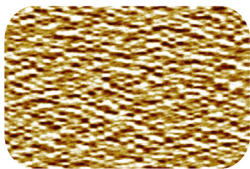

Degaussing Media	Hard disk drive, magnetic tape, floppy, etc.
Chamber Size	W151mm × D265mm × H31mm
Magnetic Field	>10,000 Oe
Display	5" LCD Touch Screen
Capacity	2 HDD/time; 200 HDD/hr
Rated Output	300W
Voltage	220V/50Hz
N.W/G.W	36Kg/40Kg
Dimension	W410mm × 554mm × H275mm
V Monitor	●
Mag. Field Monitor	●
Forced Discharge	●
Online Update	●
Scanner & Printer	●
PC Management	●
Certificate	CE

### HSD-Super (411) new updated model

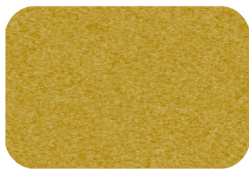

HSD-Super (411) is the updated model of HSD-Super (E), it combined the degaussing functions and erasing software together, which could effectively wipe the data stored on memory cards, U disks, etc.

## Degaussing Effect

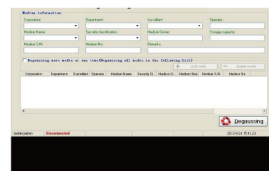

Before degaussing

After degaussing

## PC Management Software

This device could be controlled by PC with degaussing management software. Degaussing results will be stored and easily managed by the software.

## Features

- ▶ Voltage Monitoring System
- ▶ Magnetic Field Intensity Monitoring System
- ▶ PC Management Software
- ▶ Powerful Degaussing Capacity
