

# Introducing PB Post.

A convenient way to pay for your postage as you go.

## Greater savings.

Using a postage meter with PB Post allows you to receive deep discounts on your postage. The postage meter will automatically update changes in postal rates to ensure you pay the correct postage on every item franked.

## Greater transparency.

You are only charged for each item franked from your Pitney Bowes invoice (not bundled with the envelope cost and envelope over printing costs).

## No wasted or unused postage.

Pay only for what your business uses. Plus, there is no wasted postage through spoiled envelopes —add your postage after the mailpack is created. Reduce your costs by eliminating pre-printed envelopes.
