

Shipping & Mailing

SendPro® online shipping and mailing solution

# Simplify shipping.

Introducing SendPro, the online shipping solution that simplifies the way your office sends parcels through Royal Mail. By integrating cloud-based software with a professional-quality label printer and digital scale, it's easy to weigh, compare service options, print shipping labels, track parcels and manage expenses online. And best of all, take advantage of preferential Mailmark™ pricing and Royal Mail's new Delivery Confirmation services.

## Make the most of your Royal Mail shipping

SendPro provides access to a range of Royal Mail shipping services, including Delivery Confirmation on all your Standard 1st and 2nd Class parcels at no extra cost. SendPro generates the barcodes needed to benefit from the new Delivery Confirmation service, providing you with online confirmation for all your parcel deliveries, including recipient information and time of delivery. Plus, take advantage of preferential Mailmark prices on all Standard, Signed For and Special Delivery parcels, with savings of up to 15%\*.

## Streamline the way you send.

SendPro consolidates all of your shipping information, to standardise and simplify shipping. With one address book, all your contacts can be easily uploaded, eliminating the need to reenter addresses for each recipient.

## Weigh parcels and print shipping labels with ease.

With the desktop scale and printer, anyone can accurately weigh parcels and print professional looking shipping labels. This eliminates the need to manually write labels or stick postage strips on your parcels.

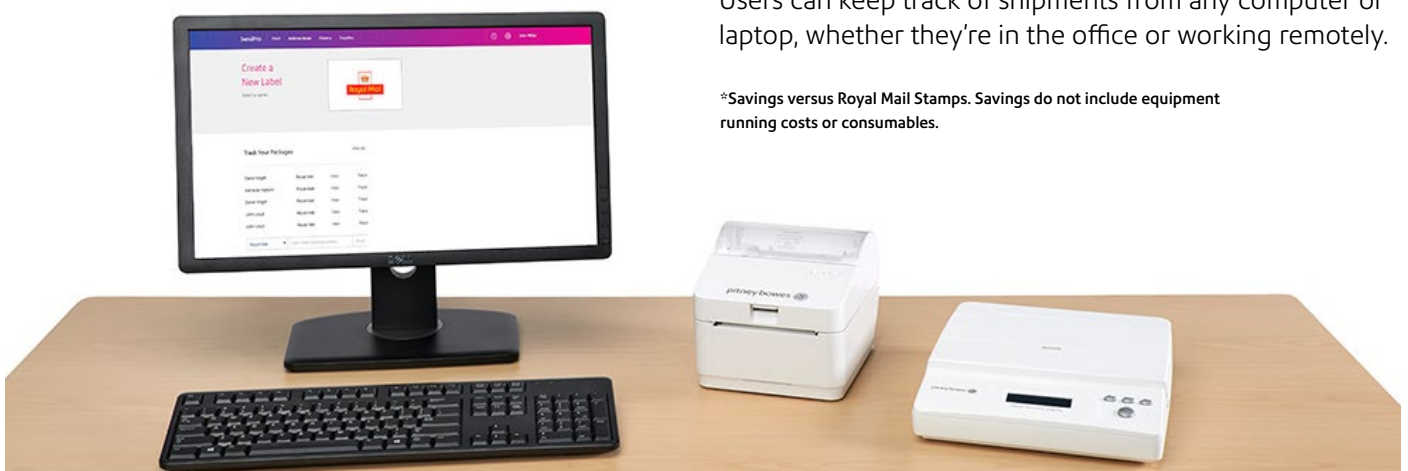

## Track every item online and send real time updates.

Check the delivery status of all your shipments. You can view all of your shipments and their tracking information in one consolidated report. With the email notification feature, you can keep both senders and recipients informed by emailing them the tracking numbers of their shipments.

## Access SendPro from any PC or Mac.

Users can keep track of shipments from any computer or laptop, whether they're in the office or working remotely.

\*Savings versus Royal Mail Stamps. Savings do not include equipment running costs or consumables.

## Control shipping expenses.

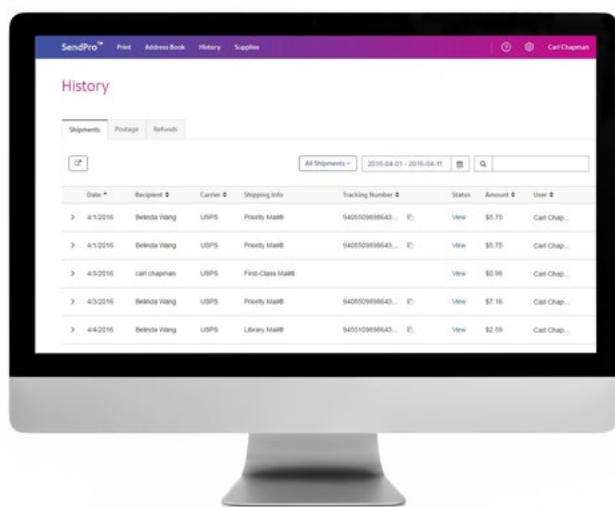

### Determine the right choice for your sending needs.

It's simple to process your parcel shipments with SendPro®. SendPro lists out all available delivery services along with their costs, so that you have all the information needed to make the best shipping decisions. Choose from Standard with free Delivery Confirmation, Signed For and Special Delivery Services—all available at preferential Mailmark prices.

Pitney Bowes offers Purchase Power—a simple and convenient way to pay for your postage. With SendPro, you can now pay for all of your shipping with your Purchase Power account, with one simple, consolidated payment for your meter postage along with your parcel expenses.

### Consolidate all of your shipping costs in one report.

SendPro makes it easy to reconcile your shipping expenses. Now, you can see all of your shipments, in a single report. Since SendPro lets you export files, you can easily upload shipping information into common accounting software in order to streamline your invoicing.

### Designate staff and set user permissions.

As your business grows, more people are likely involved with shipping processes. With SendPro, you decide who can use the system. This assures greater control and accountability over expenditures. You'll always have an overview of activity and expenses, plus the ability to generate detailed reports by user, client and department.

### Scale usage to meet your business needs.

Whenever you need more people to use the solution, you can add them at any time, along with designated sending permissions.

## Select the option that fits your business.

### Individual SendPro online subscription (single user)
