The Epic® inserting solution

This is not business as usual.
This is Epic.

Enhanced with the ability to insert up to 60% more pages into a C4 envelope and with fully automated set up, the Pitney Bowes Epic inserting solution offers the industry's best synergy for high-speed mail processing. This multi-format mail inserter delivers accurate high-integrity results, top-quality service and a lower total cost of ownership for complex transactional mail processing.

Insert at the speed of right.

Epic delivers a higher yield per operator for simple and complex jobs with significantly reduced, repeatable make-ready times.

Enhanced material control for complex applications

Up to
50% fewer
outsorts and less reconciliation time compared to other high speed inserting solutions

93%

Client success story:
235k pieces in **12 hours** with **93%** overall efficiency

Realize higher levels of efficiency.

Through its enhanced fully automated setup, the Epic can change between formats in less time than it takes to load envelopes.

Less than <10 mins
That's how long it takes with the Epic's simplified changeover and reduced make-ready time

70+ job changeovers a day

Designed to drive reduction in overall TCO.

Up to **3%**
Lower material costs

Lower labour costs whilst **increasing productivity**

60%
Greater C4 filling capability
(½" / 12.7mm)

"It's just a phenomenal beast. We cut out overtime and extra shifts."

-Paul Jorgenson, VP of Operations, HM Health Solutions
