

Shipping & Mailing

SendPro® C-Series

# The simplest way to mail, ship and track.

## Eliminate the guesswork for mailing and shipping.

The SendPro C-Series is the next generation technology that's designed to meet small office mailing and shipping demands. Each system in this innovative series quickly processes letter mail and flats with the Postal Service. Plus, send packages through three major carriers like UPS®. It makes it simple to consistently choose the ideal mailing and shipping options for whatever you send.

## Experience the simplicity of the C-Series.

Every aspect of the C-Series has been developed to help you make the ideal choice of carriers and the right services for your needs. Using a common address book across all carriers, the C-Series even verifies the "ship to" address to ensure accurate delivery of your packages. The color touchscreen display gives you a full view of your mailing and shipping options and the integrated scale enables you to accurately weigh anything you send. With mailing and shipping processes this easy and accurate, you can save trips to the Post Office, knowing you made the best choices.

## Sending made complete.

For letter mail, the SendPro® C-Series seals and prints postage in one-step. For shipping, eliminate the hassle of using separate carrier websites. The C-Series accurately weighs your package then enables you to compare carrier options such as next day or two-day delivery. The C-Series makes it simple to access your business account with each carrier so you can take advantage of your existing negotiated rates. Plus, you can generate shipping labels right from the device for the carrier of your choice.

## Connect to greater efficiency.

The SendPro C-Series is digitally connected and designed for ease of use. You'll always be up-to-date with automatic postal updates, low ink alerts, service warnings and diagnostic notifications. The short 'how-to' videos demonstrate features and support training, making the SendPro C-Series even easier to use. You'll be able to manage support functions such as request service, check billing and even order supplies through the responsive touchscreen display. Plus, when you enroll in the AutoInk™ program, you'll save on postage ink every time and never run out again.

## Ship and track from anywhere.

With secure remote access, the SendPro C-Series also enables you to ship and track packages from your computer. Simply log on and you'll be able to generate a shipping label for your preferred carrier. Automatically send email tracking information to senders or recipients to get updates on the delivery status. Plus, view a history file for all your shipments with costs and tracking information.

## Maximize savings every time you send.

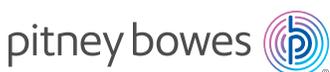

With the SendPro C-Series, you can prevent excess spending by making the ideal choices between carriers and their services. Access USPS® services like Priority Mail®, Priority Mail Express® and international shipping. You'll realize immediate savings with USPS Commercial Base rates which offer you discounts of up to 39% off retail rates\*. As a certified UPS® Ready Provider, Pitney Bowes helps you save a minimum of 18% on UPS Next Day Air® and 9% off UPS Ground Commercial and Residential.

\*Actual savings may vary depending on weight, zone and services requested.
