Pitney Bowes Global Services
Professional services for Planet Press

Onboard, automate, manage and drive production efficiencies.

Adopting new software can be difficult and time consuming… unless you have professional support services for Planet Press from Pitney Bowes Global Services (PBGS). We'll manage the setup and configuration of your new automated mail and print technology. Plus, we'll customize Planet Press to meet your unique business, workflow, distribution and print needs so you can focus on your core business. Pitney Bowes offers a differentiated solution in support of Planet Press.
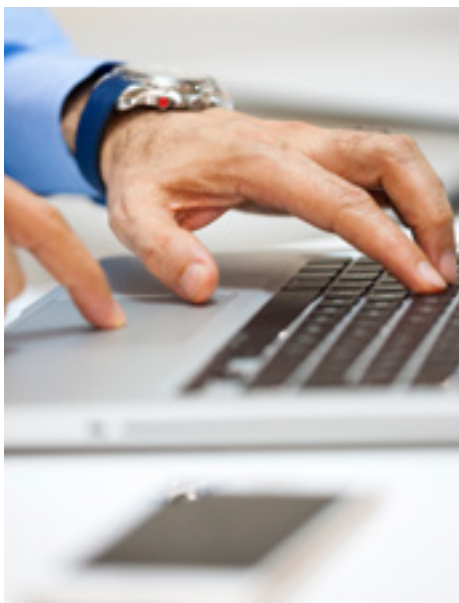

The core team:
• A seasoned industry analyst to assist with uncovering your pain points and arriving at the best solution for your business
• Seasoned development staff capable of building and interfacing with all technologies and business systems who will help you:
  - Automate manual processes.
  - Combine multiple file and output types into a single mail run.
  - Provide variable page automation.
  - Enable USPS compliance for discounts.
  - Standardize outputs from multiple business systems.
  - Consolidate multiple documents into a single page.

- Utilize customer controlled/customizable images and messaging.
- Combine mailings from multiple facilities/business units into a single mail run.
- Automate business rules for inserts, quality inspection, dynamic text and messaging.
- Consolidate data from multiple files into a single invoice or statement.
- Utilize dynamic switching between printed and digital communications.
• Onsite personnel tweaks solutions to maximize business results with extensive knowledge of all included products

Test lab

We have a complete lab to validating the solution prior to implementation. We support an end-to-end process from client system data to electronic print or delivery.
• Packaged/Off-the-shelf entry options
• Targeted for vertical markets to create correspondence, billings, packages
• Easy to get started with PDF and/or raw data files

Packaged/Off-the-shelf entry options

• We offer the industry's fastest product. It's able to outperform by a minimum of 50%, often achieving speeds of 80%-90% faster than base implementations
• Configurable plug-ins to assist with performance tuning

High performance options

• Targeted for vertical markets to create correspondence, billings, packages
• Easy to get started with PDF and/or raw data files

Plug and Play components

• With 40+ pre-built components, we can build faster, implement quicker and change with your business in a manner competitors can't match.

Take advantage of our proven skills and expertise.

Pitney Bowes Global Services (PBGS) knows all the critical elements of an integrated print, mail and document processing ecosystem. We have proven industry experience helping clients reach operational and business goals faster. From installation and repair, to preventative maintenance and asset redeployment, PBGS provides a single point of accountability. That means you can eliminate the complexity that comes with managing multiple vendors and the pitfalls of inconsistent service reliability. With over 1,200 certified customer service representatives, PBGS has helped over 1.5 million clients around the world. We can help you, too.
