Outsourced Mailing Services

Mailstream On Demand

We'll take care of your mail, so you can take care of your business.

Gain peace of mind knowing your mail will always go out when it needs to.

Operate with greater flexibility.

Operate with greater flexibility and eliminate the complexities of sending mail with Mailstream On Demand. Our outsourced mail creation service provides peace of mind your mail will continue to go out despite the unexpected, letting you concentrate on growing your business.

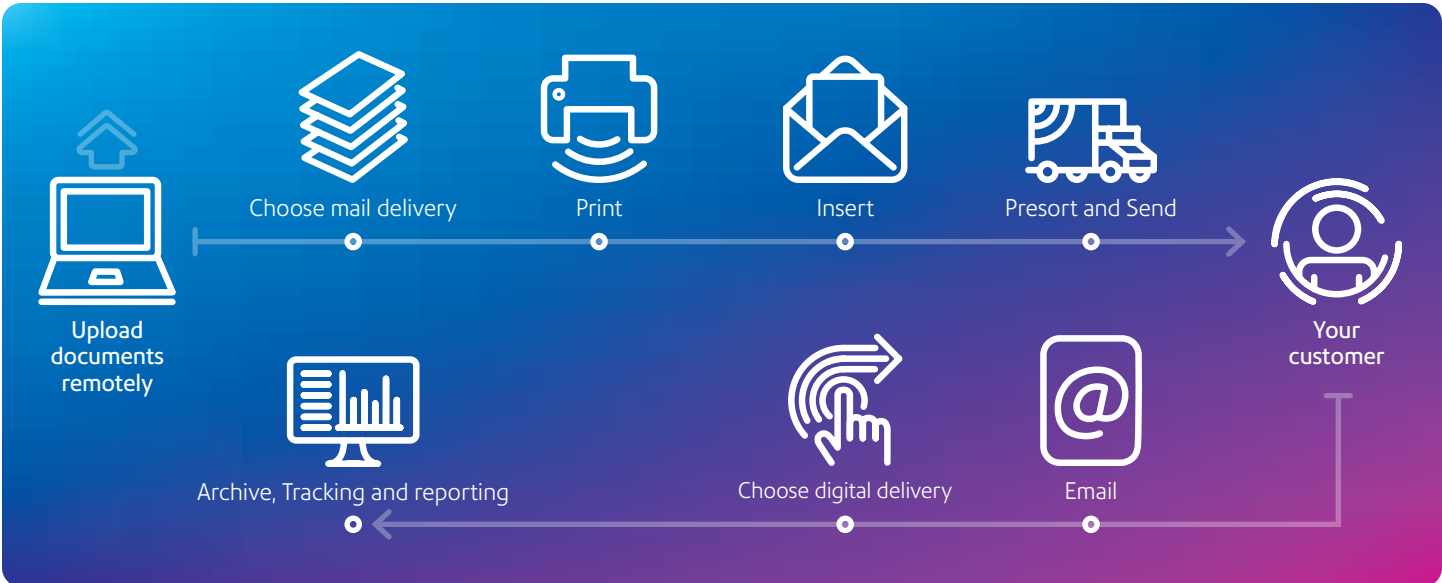

Gain superior security and enhanced visibility.

Gain enhanced visibility without sacrificing customer data security. Mailstream On Demand provides you the highest level of data integrity and security, including SSAE16, HIPAA and PCI. Stay informed throughout the entire process with our built-in IMB tracking results and easily generated reporting.

Control costs at every turn.

Contrary to popular belief, it isn't always cheaper to do it yourself. With Mailstream On Demand, you can save on labor, postage, equipment and space. Plus, you only pay for what you mail.

Streamline your mailing workflow.

With Mailstream On Demand, mailing becomes simple. Upload your correspondence into a secure portal or FTP. From there, everything is handled off-site through to delivery. Plus, you get enhanced tracking, visibility tools and digital delivery options.

| Equipment savings | ✗ | ✓ |
| Space/square footage savings | ✗ | ✓ |

Mailstream On Demand in Action: Sudden mail surge

A U.S. government office was tasked with sending unemployment documents to hundreds of thousands of claimants due to the COVID-19 pandemic. Mailstream On Demand was quickly implemented to relieve the backlog. To this day, the government office continues to rely on our system to efficiently handle overflow volume and special mailings.

Pitney Bowes has been a USPS® partner for over 100 years.

No one has more experience working with the United States Postal Service than Pitney Bowes. With over 750,000 clients worldwide—including 90% of the Fortune 500—count on us to deliver innovative solutions that help your business succeed.
