

Shipping & Mailing

Shipping and mailing solutions

DM400™ with SendPro® Tablet Sending Solution

Send from virtually anywhere in your office.

Easily manage sending from anywhere in the office.

You need a flexible solution.

Each day you mail letters and packages of different shapes and sizes, sometimes from multiple spots in the office at the same time. You need an efficient, space saving sending solution that provides the flexibility to accommodate your office's unique mailing and shipping needs.

Introducing DM400™ with SendPro® Tablet, our easy-to-use hardware and software sending solution for office mailing and shipping.

- Mail letters and flats directly from your DM400.

- Weigh and ship packages up to 70lbs with the SendPro Tablet.
- Compare prices, track sending activity, and save more money with integrated apps.
- Manage sending from any computer with access to SendPro® Online.

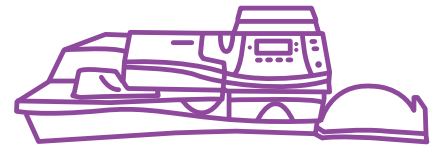

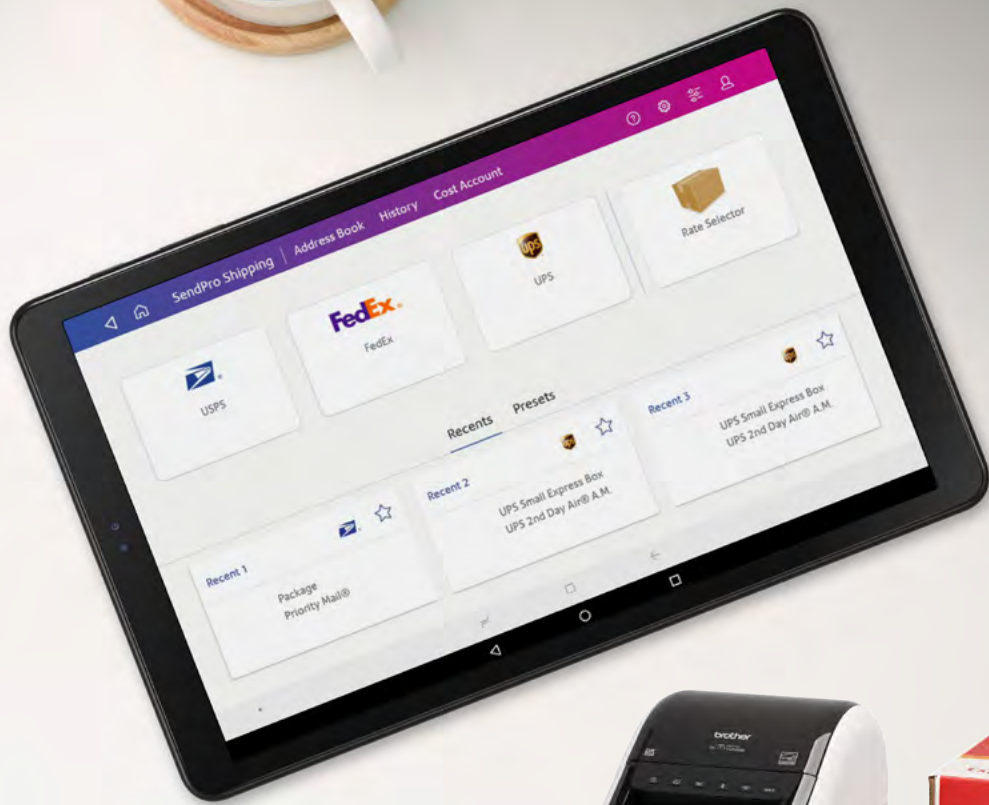

Mailing made easy with the DM400™.

Save time and money on each letter or flat sent with the DM400 by:

- Automatically processing mail pieces of various sizes—including oversized letters—with speeds up to 120 pieces per minute.
- Plus, increase operational efficiency with:
 - Auto-dating
 - Low postage alerts
 - Original value resetting
 - Seal only and no-seal modes
 - Password security
 - Envelope graphics
 - Postal inscriptions
 - Dual language support (English, Spanish)

Speeds up to 120 pieces per minute.

Ship smarter from anywhere in your office with SendPro® Tablet

Need to ship a package while someone is processing a large mail run? Now, you can with SendPro Tablet.

Manage daily shipping on the move with a large, lightweight, easy to use, tablet from Samsung®.

- Compare discounted rates across multiple carriers (USPS®, UPS®, and FedEx®).
- Accurately weigh packages up to 70 pounds with the bluetooth-enabled external scale

- Built-in voice activated presets enable you to ship with just a few simple voice commands.
- Automatically populate address fields with 8mp camera and OCR technology—or easily enter addresses via touchscreen or wireless keyboard.
- Quickly print shipping labels using the label printer.

- On-device apps allow you to track shipments and optimize spend in real-time.
- Feel secure with Samsung Knox, the built-in security platform that protects your privacy.

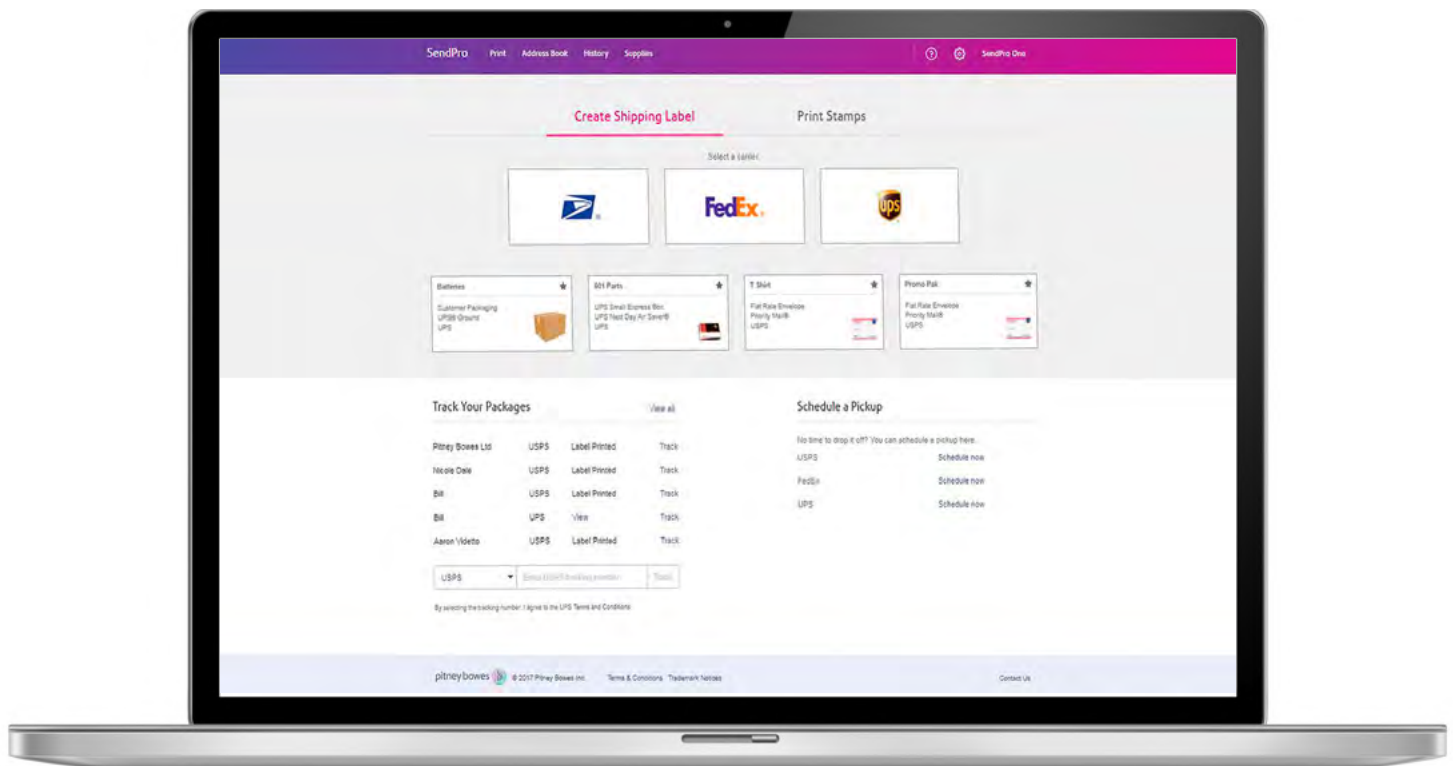

Manage sending with SendPro® Online

As part of your DM400™ with SendPro® Tablet solution, you'll also get access to SendPro Online. Manage USPS®, FedEx®, and UPS® all from a single web interface.

Print postage and shipping labels right from your computer.

- The easy-to-use, integrated address book works seamlessly across carriers and accurately verifies addresses before you send.
- Automatically track packages and view consolidated history in one report.
- Take control by accessing precise shipping history that gives users complete spend information.

Manage all from a single web interface.
