

SendPro® Online

Print postage and shipping labels online – anytime, anywhere.

SendPro Online is our easy-to-use digital sending solution that lets you print postage online from any computer, even when working remotely.

Bring the post office to your office.

Never leave your home or office to get stamps or ship packages. Print postage directly from your computer. Our easy-to-use interface lets you mail and ship USPS® First Class® letters and Priority Mail® shipments in a few simple clicks. Add multi-carrier access to compare different rates and send with FedEx® and UPS® from one interface.

Save every time, from anywhere.

Save 5¢ on each First Class letter and save up to 40% on USPS Priority Mail shipments* from any computer. Plus, get exclusive UPS and FedEx shipment discounts with the optional multi-carrier subscription.

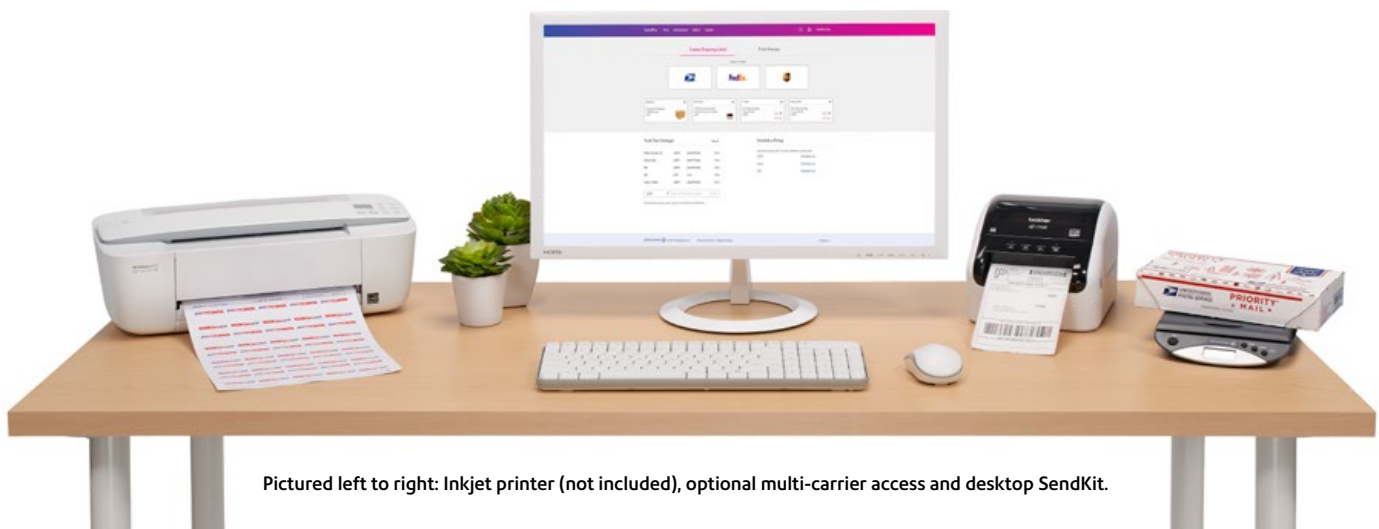

Get a 'Best Match' Shipping Recommendation.

Finding your best shipping option just became quick, clear and easy. With SendPro Online, you simply enter your shipping information and instantly receive a "Best Match" recommendation based on price and delivery date. You can also sort by delivery date or price to prioritize rate options.

Track with confidence.

Track mailing and shipping expenses—as well as shipment history—across multiple carriers and users using one simple interface. Keep your customers up to date on deliveries by automatically sending emails with detailed tracking reports directly from SendPro Online.

*5¢ savings as of 1/26/2020. Priority Mail maximum savings on packages weighing 10 lbs being shipped to Zone 4 as of 1/26/2020.
