DELETIONS						Pitney Bowes offers two levels of service to the Commonwealth. Our performance level agreement offers a 4 hour response at a premium price that varies based on geographic location, which can be obtained from your sales representative at time of proposal. Within the pricebook, we are offering our standard level agreement which is more economical if the performance level is not essential to our mutual clients.					Excluding the items identified as production, the rental rate will be the Commonwealth's total equipment cost multiplied by 4.5% + meter + S/LA.

DELETIONS						Pinney Bowes offers two levels of service to the Commonwealth. Our performance level agreement offers a 4 hour response at a premium price that varies based on geographic location, which can be obtained from your sales representative at time of proposal. Within the pricebook, we are offering our standard level agreement which is more economical if the performance level is not essential to our mutual clients.				Excluding the items identified as production, the rental rate will be the Commonwealth's total equipment cost multiplied by 4.5% + meter + SLA.

			Pinney Bowes offers two levels of service to the Commonwealth. Our performance level agreement offers a 4 hour response at a premium price that varies based on geographic location, which can be obtained from your sales representative at time of proposal. Within the pricebook, we are offering our standard level agreement which is more economical if the performance level is not essential to our mutual clients.

DELETIONS			Pinney Bowes offers two levels of service to the Commonwealth. Our performance level agreement offers a 4 hour response at a premium price that varies based on geographic location, which can be obtained from your sales representative at time of proposal. Within the pricebook, we are offering our standard level agreement which is more economical if the performance level is not essential to our mutual clients. Excluding the items identified as production, the rental rate will be the Commonwealth's total equipment cost multiplied by 4.5% + meter + SLA.
